## FORT WAYNE—THE CITY

---

This directory is an annual history and review of the city. He who compares its issues year by year sees the continual advance of Fort Wayne; its steady growth in population; the extent and variety of its business houses, steam and electric railroads and manufacturing interests. Within this book are the names of the vigorous, sturdy men and women of Fort Wayne, who are the creators of her greatness.

This directory is no epitome of the dead past, but a record of the splendid life of an ambitious, growing city, hardly yet conscious of her ever expanding strength. The men and women of Fort Wayne are proud of their city, proud of her achievements as a great and growing manufacturing and commercial city. They are proud too of her fine schools which prepare her youth to cope with the ever increasing calls of modern civilization. They are proud of the opportunities the city offers for the cultivation of the humanities, the broad catholic spirit of her many churches which accord to all men equal rights and privileges in the attainment of that which satisfies their spiritual needs. They rejoice in the spirit of benevolency and charity abroad in the city, which manifests itself in the liberal maintenance of hospitals and asylums, where the weak, the incapacitated find succour and shelter; in the literary and esthetic spirit which is seen in numerous club and musical organizations. Furthermore the citizens of Fort Wayne have abiding faith in the coming greatness of the city.

The financial depression has scarcely been felt in Fort Wayne as the rapidly subscribed for increased stock in several of her leading manufacturing industries corroborates. Many flourishing institutions are making plans to enlarge their premises, or to build more commodious homes, having outgrown their present occupancies; building is booming and promises to remain so during the entire

year. Miles of new street paving is being contracted for and great municipal improvements are contemplated.

Business is good in all lines of trade; our people are all occupied; our business streets are filled with hustling people; our residence streets are being filled with new homes and signs of prosperity are visible from all points. "Pushing ahead" aptly characterizes the spirit of progress and tendency to improve, and nothing speaks more emphatically for what the city is to-day and will be in the future than the confidence the people themselves have in the city wherein they live and have their own.

POPULATION. 46599

Nothing in life remains stationary, everything goes forward or backward. If a city grows, success, prosperity and happiness follows. If it does not grow it will decrease in population and all the elements of hard times will be present. It is therefore of vital importance that a proper census be taken of the city at frequent intervals, and the directory canvass affords indefinitely the best method, and the statistics which the directory presents annually to the people are like a merchant's trial balance; for it shows clearly and definitely the actual condition of the city, its people and their institutions and the possibilities that the future may offer.

The number of names contained in this book is greater than in any previous issue, and shows as the previous volumes have shown, a steady and strong growth in the population of Fort Wayne. There are 32,544 names, exclusive of firms, non residents, etc. Using the conservative multiple of two to represent the names of those women and children whose names do not appear in the directory, these figures show a population of 65,544.

Fort Wayne is a progressive, solid, substantial industrial center. It is advancing methodically and surely, and is proud of the class of people who make up the population. In acknowledgement of the liberal patronage bestowed, and the many courtesies extended in the compilation of this work we wish to express our sincere thanks.

## BORROWERS

# THE DIRECTORY LIBRARY

OUR office, 33 Bass Block, is kept replenished with Directories of all the principal cities and states in this country and Canada.

By our exchange system we are enabled to place a copy of the Fort Wayne Directory on file in the principal directory libraries of the United States and Canada, and our patrons may feel just pride in the appearance of our Directory alongside and in comparison with those of other leading cities.

THE ADVERTISEMENTS IN THIS BOOK?

# Directory Borrowers

---

We receive many complaints from our patrons to the effect that they are bothered so much by BORROWERS. These parties are not the private citizens nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that borrow your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it and send for it.

These same borrowers will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and vice versa, "everybody knows him."

For the mutual protection and advancement of the established and prospective interests of all who may become members, by personal advice and assistance of members as may be mutually satisfactory, desirable or advisable, and by such other means as may, from time to time, be shown to be wise, proper and lawful.

**\$100.00 Reward** Will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any **fraudulent or fake directory**.
